PREFACE

This Directory provides information on potential stakeholders for the Department of Energy's actions under the National Environmental Policy Act of 1969 (NEPA). The Directory was prepared by the Office of NEPA Policy and Compliance, in consultation with the Office of Congressional and Intergovernmental Affairs and the Office of Public Affairs. The Directory is also available on the Department's NEPA Web at <http://tis.eh.doe.gov/nepa/guidance.html>, select "**Public Participation**."

Among the public involvement provisions of the Council on Environmental Quality regulations implementing NEPA are the following requirements, which are binding on the Department:

- Agencies must ensure that environmental information is available to public officials and citizens before decisions are made and before actions are taken [40 CFR 1500.1(b)].
- Agencies must involve environmental agencies, applicants, and the public, to the extent practicable, in preparing environmental assessments and must affirmatively solicit comments on draft environmental impact statements from those persons or organizations who may be interested or affected [40 CFR 1501.4(b) and 1503.1(a)(4)].
- Agencies must also provide public notice of NEPA-related hearings, public meetings, and the availability of environmental documents so as to inform those persons and agencies who may be interested or affected and must solicit appropriate information from the public [40 CFR 1506.6(b) and (d)].

To assist Departmental program and field offices to comply with these requirements, this Directory includes the following potential stakeholders:

- Federal Agencies
- State NEPA Points of Contact (including State Governor information)
- Departmental Points of Contact on American Indian Tribal Issues
- Non-Governmental Organizations

Note: Departmental offices should exercise judgment in determining which of the listed stakeholders actually are interested in a particular proposed action. If uncertain of a stakeholder's interest, offices should contact that organization before sending a NEPA document. Listing in this Directory is not meant to imply that the person or organization listed should receive every Departmental NEPA document.

For practical reasons, the Directory does not include comprehensive information on local governments or organizations. Rather, the information provided is meant to supplement any lists of affected or interested parties that Departmental offices may have compiled for particular projects or facilities.

For the convenience of users, the Directory also includes appendices with lists of Departmental NEPA Compliance Officers and Headquarters, Field Office, and Laboratory Public Affairs Directors. All persons in the Directory, including those listed in the appendices, are included in the Index located at the end of this Directory.

The Office of NEPA Policy and Compliance updates this Directory twice per year, in January and July. Please direct any questions, changes, or suggestions to Katherine Nakata, Office of NEPA Policy and Compliance, EH-42, 202-586-0801(fax 202-586-7031; e-mail: katherine.nakata@eh.doe.gov).

The Department of the Interior requests:

12 copies of a draft and six copies of a final
document for projects in the Eastern United States
including MN, IA, MO, AR, and LA. The same
number of copies should be provided for projects
in AS, GU, HI, PR, VI, and the Trust Territories.

18 copies of a draft and nine copies of a final
document for projects in the Western United
States westward of the western boundaries of MN,
IA, MO, AR, and LA.

(Continued)

Department of the Interior (cont.)

18 copies of a draft and nine copies of a final document for review requests that are national in scope (e.g., agency regulations, scientific reports, special reports, program plans, and other interagency documents). Projects that are located in more than one state (e.g., pipeline projects) also require additional copies.

16 copies of a draft and eight copies of a final document for projects in AK.

When a review document does not have draft and final versions, the larger number of copies is requested.

There are options to multiple paper copies for documents available in CD-ROM format or on the Internet. For documents available in CD-ROM format, supply one paper copy and the balance of the multiple copies in CD-ROM. For documents available on the Internet, supply one paper copy and the location on the Internet where the document can be found.

**STATE NEPA POINTS OF CONTACT
POTENTIALLY INTERESTED IN RECEIVING
DEPARTMENT OF ENERGY NEPA DOCUMENTS**

The following is a list of NEPA Points of Contact for states (and American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands), listed alphabetically, as designated to the Department by the Governor directly or through the process under Executive Order 12372. Routine correspondence (e.g., most environmental assessments) should be addressed to the State NEPA Points of Contact. Normally, environmental impact statements should be addressed to both the Governors and the state-specific Points of Contact. State associations are listed following state-specific Points of Contact.

Alabama

State NEPA Point of Contact:

The State of Alabama has withdrawn from the clearinghouse review process and has not designated a NEPA Point of Contact. Consistent with 10 CFR 1005.7, Departmental offices should exercise their own judgment in contacting the appropriate state agency or agencies for coordination of NEPA documents on a case-by-case basis.
